Friday Prayer Pic

As Vanessa and I continue to prepare and plan for church planting in Mexico City, it has been extremely insightful walking with Doxa in it's infant stages as a community of faith.

To be able to wrestle through issues and realities of planting in this urban context on the leadership team at Doxa continues to be invaluable. Plus, God has partnered us with significant relationships to continue the work of church planting in Mexico City from our time at Doxa.

As our Missionary Apprenticeship comes to a close at the end of June 2018, we are waiting for approval from our denomination, The Christian & Missionary Alliance in Canada, to transition to official International Workers for a specific churchplant project in Mexico City. At this point we are not released to say more than this, but we are excited about the amazing opportunity, among amazing people, to join God in building His Kingdom here in Mexico City to the ends of the earth where people from every nation, language and tribe will worship around His throne. We appreciate your on-going persistent prayers for us during this time.

Please Pray

Thank you so much for your prayers for Doxa. God is strategically positioning this community of faith to be a church planting church. Pray that God would continue to bless His church at Doxa, especially as they start to formalize members and install elders. These are crucial steps in the on-going health and longevity of this Body. Pray for Chuy, Doxa's lead pastor, as he and Eli, Doxa's first elder, do membership interviews and ongoing discipleship. Pray for God's wisdom from above as Doxa continues to "grow up in every way into Him who is the head, into Christ. (Eph. 4:15)". Pray that God would raise up many more elders and leaders that can be sent to new church plant initiatives.

Thanks to Maximus being born in Mexico, and thus a Mexican citizen, the rest of us are now official permanent residents of Mexico!
