Betty and Victor Chin
Prayer Request
Week of Feb 25th, 2018

Thank you so much for your faithful prayer

Highlights: Last week we had a great time celebrating Chinese New Year with the students at Sante Fe after their Spanish class. It also happened on Valentine's Day so we shared about God's love based on the Bible verses on 1 Cor. 13: 4-8. Some students said they didn't know and never thought about the meaning of love in that perspective. Please pray they will open their heart to His love.

Challenges: Somehow the shadow of last Sept' s devastating earthquakes once again lured in our mind this past week after two quake in one week. One was 7.2 and other was 6. Praise the Lord no major damage reported. Pray for inner peace for the people in Mexico City. Pray for discernment as there are more people requested Spanish class and community group at the Sante Fe area. We need to stay focused which ministries will glorify God purpose for us being there . We are kind of physically weary a bit due to the time we need to travel there and also need to spend sometime in other areas in the city as well.

Blessings and thank you so much for your prayer.
